Chapter 1: Introduction and Background

1.1 Introduction

The Official Languages Act 2003 provides for the preparation by public bodies of a language scheme detailing the services which they will provide:

- through the medium of Irish,
- through the medium of English, and
- through the medium of Irish and English

and the measures to be adopted to ensure that any service not currently provided by the body through the medium of the Irish language will be so provided within an agreed timeframe.

In accordance with section 14(3) of the Act, language schemes remain in force for a period of 3 years or until such time as a new scheme is confirmed by the Minister for Arts, Heritage and the Gaeltacht, whichever is the later.

1.2 Preparation and Content of the Scheme

This is the second language scheme of the Department of Arts, Heritage and the Gaeltacht. The Department is guided by the principle that the provision of Irish language services should be based on a range of factors, including the following:

- the level of demand for such services;
- the importance of a proactive approach to the provision of services in the Irish language; and
- the resources, including human and financial resources, and the capacity of the Department to develop or access the necessary language capability to provide these services.

This scheme complements the principles of Quality Customer Service and our Customer Charter. It has been formulated with the intention of ensuring that all relevant obligations under the Official Languages Act relating to the Department of Arts, Heritage and the Gaeltacht are being fully addressed on an incremental basis, through this and future schemes.

The time and effort put in by all concerned in this process is acknowledged and appreciated.

1.3 Commencement date of the Scheme

This Scheme has been confirmed on by the Minister for Arts, Heritage and the Gaeltacht. It commences with effect from 12 May 2016 and shall remain in force for a period of 3 years or until a new scheme has been confirmed, whichever is the later.

Chapter 6: Improving Language Capability

6.1 Recruitment, Training and Development

Recruitment

The recruitment of staff with the appropriate level of competence in the Irish language in each area of the Department's work will be the primary means of optimising the availability of services through Irish. Our recruitment policy, which is subject to the framework of agreed national recruitment procedures, will have regard to the need to improve Irish language capability on an incremental basis.

In order that the Department has an adequate number of staff with proficiency in the Irish language in compliance with the provisions of the Official Languages Act, the following actions will be pursued over the lifetime of the Scheme:

- As part of its recruitment policy, the Department, in co-operation with the Public Appointments Service, will continue to publicly advertise competitions for staff to work through Irish (especially in the Gaeltacht and/or serving Gaeltacht communities), when suitable people are not available through general entry level competitions.
- Appropriate placement of staff with such proficiency will continue to be implemented throughout the Department, in particular in Gaeltacht offices, or in offices that service Gaeltacht areas.
- Departmental interviews will be held in Irish only, where Irish is a particular requirement for the post in question.

All new staff are provided with an induction pack containing a copy of our agreed Language Scheme in order to ensure that they are made aware of our commitments under the legislation.

The foregoing is, of course, subject to wider Government policy on recruitment and deployment of staff in the public service.

Training and Development

The Department is committed to making available opportunities for staff to attend accredited Irish language training courses, where appropriate, particularly staff whose duties include delivering services in Gaeltacht areas. All staff are advised of facilities/opportunities to improve their competency in Irish.

Where possible courses for staff working through Irish will be delivered through Irish.

To encourage as many staff as possible to attend, classes were held at different locations as well as through online modules. Within the context of its responsibilities in relation to coordinating the implementation of the Department's Scéim Teanga and Customer Service Action Plan, Corporate Governance Unit will provide reports once a year to the Management Board in relation to the level of demand for services in Irish experienced by the Department, the response to this demand, and the development of the Department's capability to deliver such services. The Management Board will keep the operation of the Language Scheme under review through these annual reports.

Chapter 8: Publicising of Agreed Scheme

This scheme will be publicised both internally and externally, through a press release initially. The scheme will be made available on our website, and circulated to all staff and appropriate agencies, in both languages. Other means to publicise the scheme may also be used from time to time.

In addition, we will take the opportunity in our day to day interaction with customers to promote and publicise the services we provide in Irish through the following means:

- directly informing customers on a proactive basis of the option of conducting business with us through Irish, for example, by the display of notices at reception areas indicating the Irish language services that are available and encouraging customers to use Irish in their dealings with the Department;
- prominently listing these services on our website;
- signifying on selected guidelines, leaflets and application forms that these documents are also available in Irish, unless presented bilingually;
